Divine Principle Study

"And God said, let there be light"

-GEN 1:3

What do you want to get out of camp this week?

What do you want out of life? *what is most important in life?*

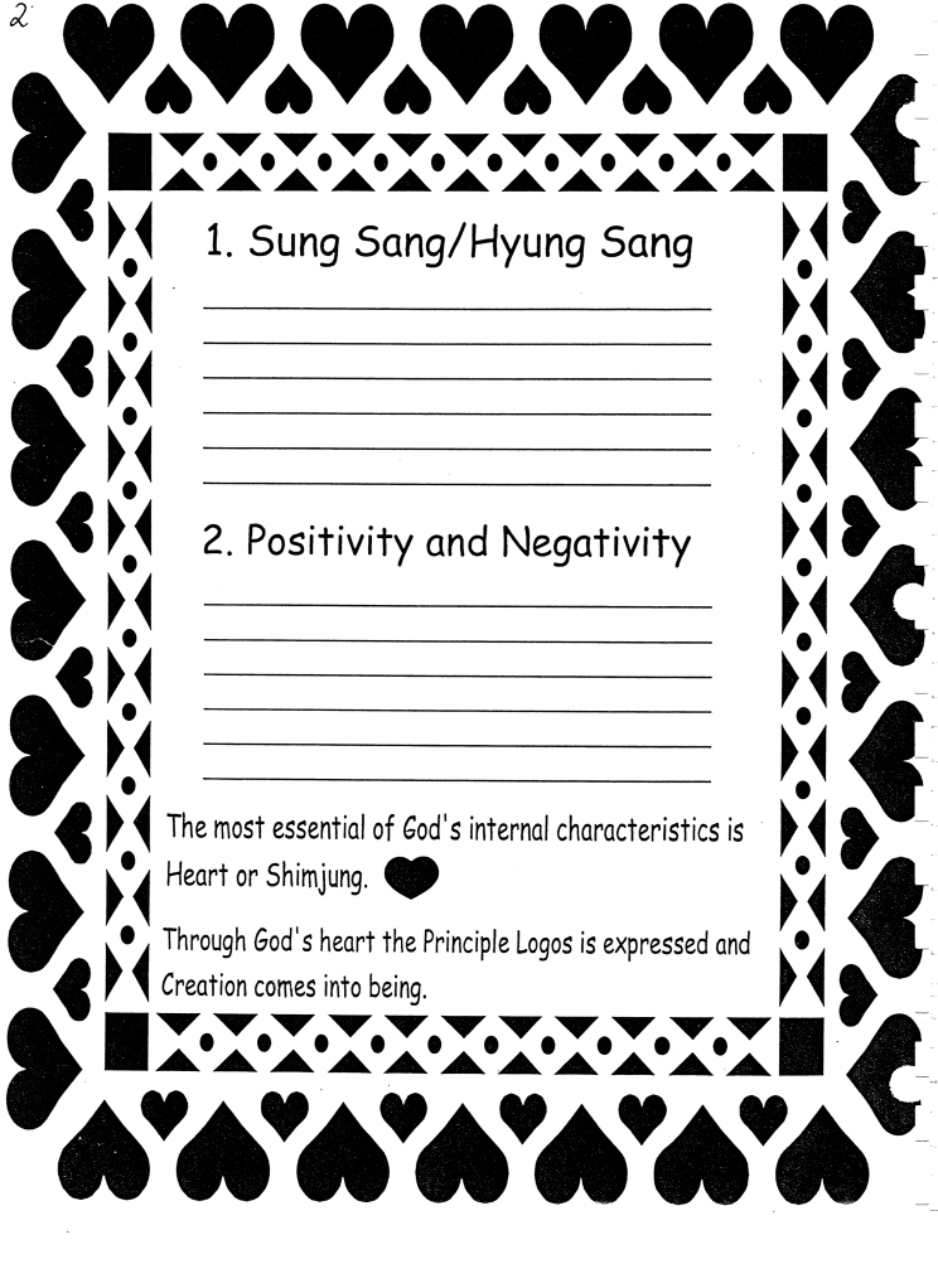

★ Be looking for the most important or valuable thing you learn this week. ★

I. Principle of Creation

A. How can we come to know God? We can come to understand the character or personality of an artist by looking at what he/she has created. If this is true, and it seems to be, then can we look at what God has created and learn what His personality is like?

Romans 1:20 "Ever since the creation of the world his invisible nature, namely, his eternal power and deity, has been clearly perceived in the things that have been made. So they are without excuse..."

2

1. Sung Sang/Hyung Sang

2. Positivity and Negativity

The most essential of God's internal characteristics is Heart or Shimjung. 

Through God's heart the Principle Logos is expressed and Creation comes into being.

Each created being is intended to exist through reciprocal relationship. In other words, through a relationship with others, through *Give and Take Action*.

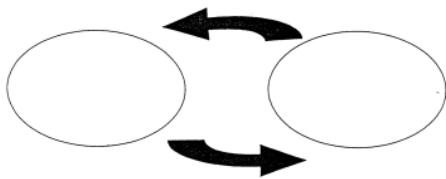

B. *Give and Take Action*

1. The Body maintains its life through *Give and Take Action*.

- a) arteries and veins
- b) inhaling and exhaling
- c) mind and body

2. People exist in relationship with others.

- a) husbands and wives
- b) parents and children
- c) teachers and students

- Relationships go both ways. *Giving and Receiving* take place in both directions all the time.
- God and man are meant to live in *G&T* relationships, but how?

WHY DID GOD CREATE?

OR

WHAT IS OUR PURPOSE?/WHY ARE WE HERE?

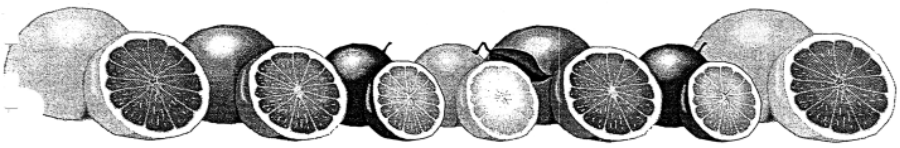

Everything has a purpose. If it doesn't fulfill its purpose, it should be thrown out. What is our purpose? Wouldn't this be an important thing to learn?

Genesis 1:28

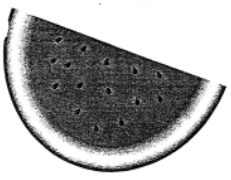

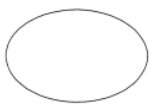

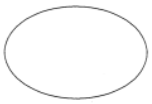

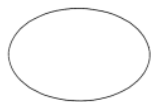

"And God blessed them, and God said to them, 'Be fruitful, and multiply, and fill the earth and subdue it; and have dominion over the fish of the sea and over the birds of the air and over every living thing that moves upon the earth'"

Remember we said it is through God's heart that he created? God created so he could have a relationship of love. A true relationship of love produces JOY!

I. Be Fruitful - In order to have fruit a tree must first become mature.

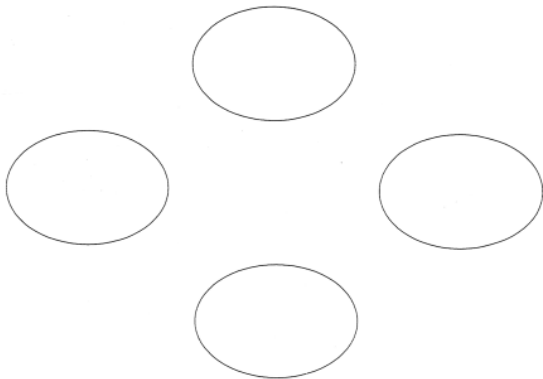

God feels great joy to be able to give and receive love with his child! God's true child would have the same feelings as God. He would not be able to commit a crime against God.

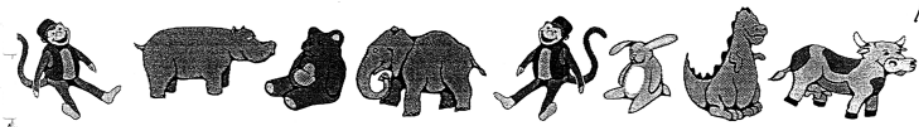

II. Multiply - To multiply or create more of God's children, we need husband and wife.

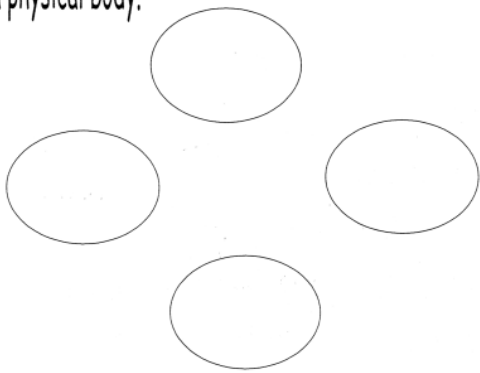

God gave mankind a great blessing in allowing his children to have children of their own. That way they can feel the love God has for his children and really deeply share God's heart.

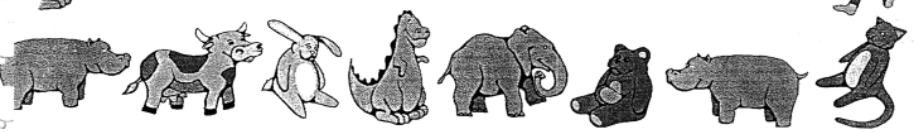

III. Have Dominion - To dominate the earth as God's children, it means taking care of the creation just the way God would if he had a physical body.

Since all things resemble God's SS/HS and man is made in God's image, then all things resemble man and man can love all things and feel joy through the stimulation they give. Man's love over all things and his realization of joy from them is the third blessing.

FORCE
OF THE
PRINCIPLE

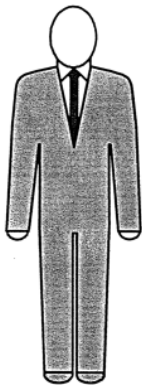

2. God relates to people and things in the Growth stage indirectly
 - Man must use The Principle and his own responsibility to reach perfection
3. Once man reaches the Direct Dominion then God dwells in that person.

1 Corinthians 3:16

"Do you not know that you are God's temple and that God's Spirit dwells in you?"

B. The Spiritual World and The Visible World

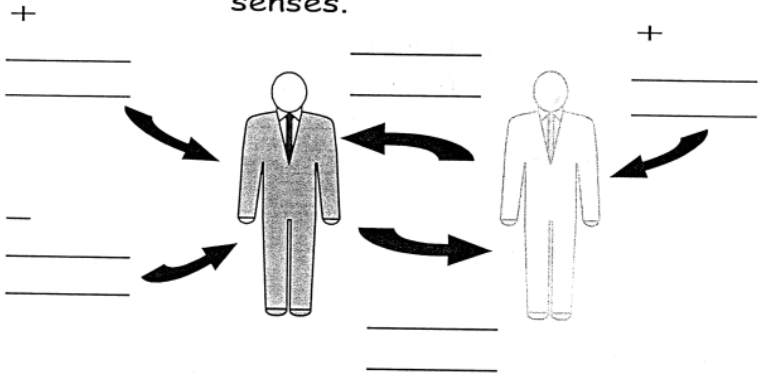

1. The physical self consists of the physical mind and the physical body.
