DEDICATION

This booklet is dedicated to the establishment of the Kingdom of Heaven on Earth through the efforts of Our True Parents, your parents and you, the second generation.

Special thanks to each person who makes the effort daily, to reach God's heart and live a Godly life.

By:
Jeanne Carroll

God is Love.

God created the world so that all people could live in love and joy.

But in our world we can feel so much pain and sorrow.

In God's world there cannot be any sin or evil.

God wanted his children to be good, kind, and loving.

He can only teach his children things they can understand.

Just like babies can't understand how to program a computer.

God can only teach people what they are ready to learn.

The first man and woman did not grow to be like God.

John 16:12-13

I have yet many things to say to you but you can not bear them now.

When the spirit of truth comes, he will guide you into all the truth..."

ABRAHAM

Because of the fall of Adam and Eve people could not relate directly to God. Abraham helped to show people how to relate to God through offering sacrifices. They were so far from God they could not follow laws, commandments, or pray. They lived at the darkest time of human history.

The example Abraham showed the people was like a tiny flicker of candle light in the deep, deep darkness of mankind. Through Abraham's example all of God's children could begin the long journey back to God's side.

MOSES

God yearned to have His children move into a closer relationship with Him. He found a man with a good heart that he could trust. It was Moses. God asked Moses to do many unusual things. He fasted and prayed. He made altars to God. He led many people out of slavery.

God gave Moses the ten commandments. He wanted to give people laws that could help them come closer to Him. The laws that Moses brought were like a flashlight beam in the deep darkness of civilization.

God waited for His children to come home.

Jesus came to show the people how to live according to God's will. He taught people to love God with their whole heart and to love their neighbor as their self.

Jesus showed people through his life how to live for God. Jesus tried so hard to teach people to understand how to live. He told them stories. He worked with them. He loved them.

The truth that Jesus brought was like a lightbulb going on in a dark room. People saw clearly the kind of person they should be.

John 16:25

"I have said this to you in figures. The hour is coming when I shall no longer speak to you in figures but shall tell you plainly of the Father."

Who is God working with now?

Today people understand so much. We can travel in space and we can operate with a microscope.

We are so blessed but still people are unhappy.

We have the technology to feed all the people in the world yet thousands of people die of starvation everyday.

WHY?

TRUE FATHER

True Father suffered so much. He shows us how to live everyday...loving God.

When True Father was just a teenager Jesus appeared the him. Jesus told him of a tremendous plan God had for his life.

True Father discovered the secrets of man's existence. He found out how heart broken God has been since Adam and Eve fell.

He explained how simple God's hopes for his children are. A lot like your parents hopes for you.

The things True Father teaches are like the sun coming out, bright and warm after all history being dark and depressing.

FATHER'S WORDS

7

Moon

Sun

Myung

My name is Moon Sun-myung. In Chinese characters Moon means "truth". Sun means "revealing clearly". It can also mean land and sea. Myung means "sun and moon." All together it means unity between land and sea and sun and moon. So the meaning is creating one world by uniting land and sea, heaven and earth, with the truth. Together, Sun-myung means bright, clean, unblemished and orderly.

Moon

Sun

Myung

Han

Hak

Ja

True Mother's name is Han Hak-ja. Han has several meanings. It could mean Korea. It could mean a big universe. It could mean "united in oneness." Hak-ja means a scholar who studies the best about God. Ja means "son". I interpret this to mean she was destined to be matched with the Son of God

CREATION ONE

What do you do when you
make something really great
for the first time?

Tell someone!

How do you feel when you
make something you really
like?

Great!

Sometimes we can't even
figure out how we did such a
great job!

Wow!

Things that we make or create show us a part of our invisible nature.

That's why we get so excited when we see something we created!

CAUSE (The invisible urge we feel to create.)

EFFECT (The things we make or create.)

Genesis 1:27

"So God created man in His Own image... male and female he created them."

God created us to be able to share in the joy of creating. We should be co-creators with God.

To be co-creator we must share God's desire to love and be loved.

God is invisible / We are visible

God created us to be like Him. He wants us to be his children, to share in all that he does, all that he is.

God is the conductor.

He guides our internal being to do what is right and good and useful to everyone.

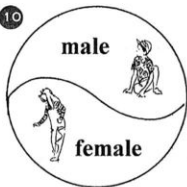

All parts of creation have a part of God within them.

Because we are designed in His own image... God wants a relationship with us.

That is God's heart.

Romans 1:20

" Ever since the creation of the world His invisible nature... has been clearly perceived in the things that have been made."

**Every thing that
was ever created
has an internal
cause and an
external effect!**

All things in creation have male
and female parts.

Plants, animals, and people
have male and female parts.

Even the smallest parts of
creation have positive and
negative parts.

God

also has male and female parts

HEAVENLY FATHER

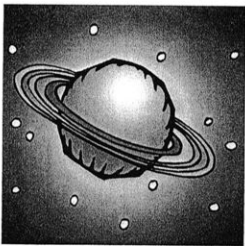

Heavenly Mother.

When God created the universe, do you think He ordered things to exist and they came into being, as is written in the Bible? If so, there is nothing to love or value in the creation.

God didn't create the universe by magic. He gave his whole heart, investing all of Himself to create the universe.

The Cosmos is a mysterious place, created by God with His whole heart. God created this cosmos for His children, not for Himself. When we look at the cosmos, we should have a grateful heart, thinking that our Father made all this for us. With this heart, when we walk in the hills and see the trees, flowers, birds, flowing water and blowing wind, we feel truly amazed.

CREATION TWO

Why did God create?

How do you feel when you think about doing a project?

It is sort of fun planning and getting ready to do it.

But the best part is actually doing it.

Building, painting or drawing your idea is like making your idea come to life.

When it is done you feel so happy that you did it.

That is like the feeling God gets from creating...

**It's
JOY!**

be
fruitful

multiply

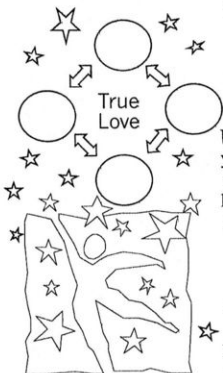

THE THREE BLESSINGS

take
dominion

Genesis 1:28

"God blessed them and said to them, 'Be fruitful and Multiply, and fill the earth and subdue it; and have dominion over...every living thing.'..."

THE FIRST BLESSING

The first blessing is to be fruitful. That means to have your whole mind and your whole body focused on one thing... to be everything you can be.

Every one wants to grow up. If you ask someone how old they are they will say, "eight and a half" or "almost eight" not just seven. We all want to grow up and be great people.

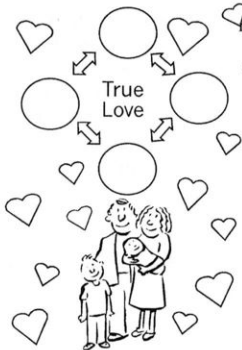

Every one has an invisible urge pulling them to maturity. It doesn't matter where you live, what language you speak, or what you believe. Everyone yearns to grow up.

I Corinthians 3:16

"Do you know that you are God's temple and that God's spirit dwells in you?"

Matthew 5:48

"...you must be perfect like you Heavenly Father is perfect."

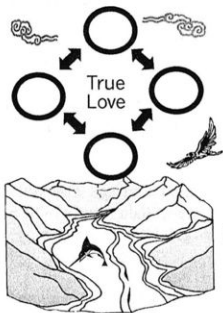

The second blessing is to multiply. To have loving relationships with people. To be good children, brothers, sisters, students, friends and ultimately get married and have a loving marriage.

Everyone wants to have a good marriage. Everyone wants their family to be a good, loving and happy family.

We want to live in a good neighborhood. We want to believe our country is the best.

All people feel the same feelings. God wants everyone to have the same opportunities.

THE THIRD BLESSING

The third blessing is to Have Dominion. If people are the kind of people God originally created them to be they will never hurt any part of the creation.

It wouldn't be possible to have wars because people could never hurt other people.

Animals would never be hurt or abused by people because all people would know they are the co-creators. They are responsible to take care of the creation as God would take care of it.

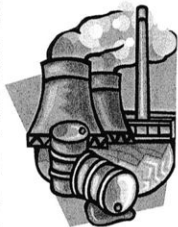

Pollution and environmental problems would not exist. All people would feel the earth is a sacred place like a church or holy ground. They would know the earth and all that is in it is God's body and holy.

The ideal of the Kingdom of God cannot be realized unless we marry and have a family. That is why we say, to realize the ideal of the Kingdom of God, all men and women must receive the blessing. This is obvious for those who are not married, but even those who are already married must receive the blessing after they reach a certain standard. We say that everybody

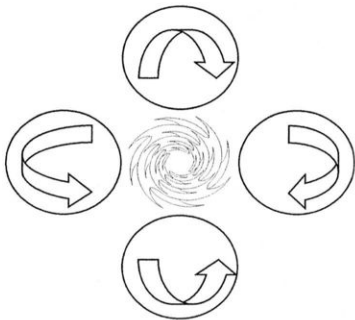

must receive the blessing in order to go back to the original idea world of the creation. The original ideal of creation is the world that true men and women enter through the blessing, but because of the fall that world of love was never realized.

People treat things with care if they belong to someone they love. Yet they do not take care of the creation, which was created by God and deserves the very best care. People like this are not sons and daughters of God. In every tree and plant we should feel God's heart and His breath, which He invested in the creation six thousand years ago. We should shed tears with a plant or tree, thinking, "You must be so lonely since you have lost your owner." God wants a world in which people feel the value of God's handiwork in even the smallest being.

Where is God?

We have learned that the four position foundation, is closely connected to God. The energy is often shown as a sphere.

In a world where God's purpose of creation has been fulfilled, all of creation will be in harmony and a part of God. **God Is Omnipresent** (everywhere)

The Invisible God

Although you know with your brain that God exists...it is more important to experience a personal relationship with God.

We can learn about God by looking closely at the creation. By observing the animals caring for their babies we can really feel love.

How did the animals learn to love their babies?

People can not teach every animal in the whole world...

They learned everything...

only from **God!!!**

CREATION THREE

Growing takes time. We all wait for our birthday.

With each year that passes we get new privileges and new responsibilities. We count the months and days to each birthday.

It is exciting growing up!

Physical things
Grow automatically.
We can see them
grow.
Like plants, puppies
and people.

But

Spiritual qualities do not
Grow automatically. It takes effort. We
have to learn, believe and practice
To grow our heart, our love, and our
Relationships with God and with others.

Completion

Growth

Formation

☆ **What is spiritual growth?** ☆

- ☆ • the awareness that who you are and what you do is important to God. ☆
- ☆ • It is knowing the needs of other people and helping them ☆
- ☆ • It is understanding what is right and what is wrong ☆
- ☆ • And, most importantly, it is the ability to recognize, give and receive true love. ☆

☆ **Why is it important?** ☆

☆ When we can do all of these things then God knows we are able to take on the responsibility of co-creatorship. ☆

☆ **That makes Him so happy!!!** ☆

So how do we do it?

We have to train our invisible mind to listen to God's voice. God talks to us, but we have to learn to listen.

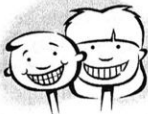

Divine Love

Divine Truth

Spiritual World

We live in the spiritual world. To be healthy we must make sure we get these things:

Vitality

Heat

Light

Physical World

We live in the physical world. To be healthy we must make sure we get these things:

Clean Air

Good food & Water

FATHER'S WORDS

When you really become one with God, you feel His sorrow, His joy instantaneously. You experience God in both your spirit and your body. If God feels joy with a person, when we meet that person we also feel the same joy. If someone is not good, we immediately feel the anger or sorrow of God, even though they are strangers. This is not just an emotional thing, but something we feel throughout our whole selves, spiritually and physically. People may look fine to human eyes, but we know when we are one with God whether they are truly fine.

In the very beginning of the Bible there is a story about Adam and Eve.

What happened?

There were many trees in the garden. Two trees were different from the others. They were the tree of Life and the tree of the Knowledge of Good and Evil.

Lucifer was in the garden too. It tells about the problems that they had there.

Adam, Eve and Lucifer began the long story of God's broken heart.

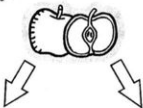

Genesis

2:16-17

“ You may freely eat of every tree in the garden; but not of the tree of the knowledge of good and evil, for the day you eat of it you shall surely die.”

What makes most sense to you?

Would your Dad or Mom do such a thing?

A real or Something

Would our loving God make a rule and if you did not follow the rule just kill you?

Did God create people just to kill them if they do not obey?

Once upon a time there was a king that had neither children nor family. His only friend was the gardener. The king shared all his hopes and dreams with the gardener. Even though the gardener was only an employee, he felt very special and very loved.

After many years two children came to live with the king. The gardener was happy at first because the king was so in love with the little children. After awhile the gardener began having bad thoughts. He thought of hurting the children or sending them far away. He wanted to feel as special as he did before the children came...

Adam and Eve should obey God. They were supposed to marry at the right time and live happily ever after. Their family was supposed to be God's family. The world was supposed to become the

KINGDOM OF HEAVEN ON EARTH.

Lucifer stole Eve. She became his slave instead of his wife. She could not escape. Even after she married Adam she still was a slave to Lucifer. Adam and Eve family was a place where God could not go. They created the

KINGDOM OF HELL ON EARTH.

FEAR

God's heart was completely broken.

Still God is suffering.

People still feel the feelings that Lucifer had.

Anger

resentment

Jealousy

GUILT

What can we do to make God feel better?

*Don't put your self in a position that may
make you feel the way Lucifer did.*

- Choose your friends wisely
- Don't do things that make you feel uncomfortable
- Don't look, listen, taste or touch things that make you feel uncomfortable
- Listen to your parents, they want what is best for you
- Treat all other boys and girls like your sisters and brothers
- Never try drugs or alcohol— they weaken your mind and body so you can easily do wrong
- Believe in True Parents— God gave them these important messages to help everyone!

If Adam and Eve had grown up and received God's blessing, they would have become the Parents of all humanity, and they would have built a world centering on God.

Because of the fall, they failed to become True Parents. Instead, they became false parents, and hell came into being. The providence of God is to erase the history of false parents and realize a world centered on the new True Parents.

What is the purpose of life?

The purpose of life is to bring JOY to God.
By following God's formula for our life,
the three blessings,
we can accomplish our purpose of life.

The purpose of all creation
is to give joy to us.

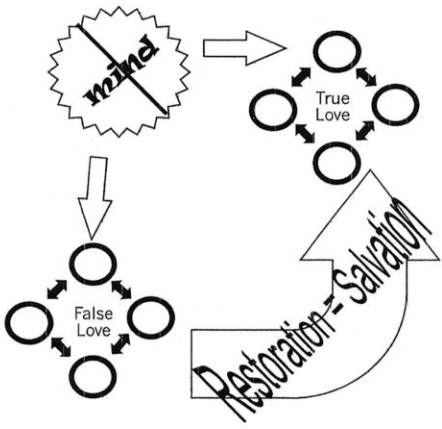

The mountains, butterflies, clouds and
caterpillars are all placed here by our loving
God to make us happy,
to make God's children feel joyful!!

That's why we feel good when we are
outside in God's creation on a beautiful day.

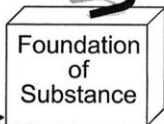

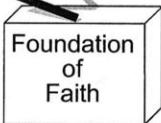

God planned for harmonious relationships to fill the earth.
The relationships between people and God, men and
women, parents and children, and between mankind and
creation, were designed to foster a happy, joyful and
peaceful world.

RESTORATION

Since the fall of Adam and Eve, God has been working unceasingly to bring His children home to His heart. There are certain rules even God has to follow during the path of restoration. There is no way that God can go against any of His own Principles. In order to find our way back to God's side we need an example, someone whom has traveled the path back to God. Some one we can follow.

FATHER'S WORDS

God's will not cease until He brings back the whole world to His bosom. God's goal is centered upon the salvation of the whole world.

In one word, what is the will of God? That is the realization of God's ideal. And what is the ideal of God? The perfection of man and women so that they can realize the love of God—that is the will of God: the realization of God's love. The true realization of man's perfection in Adam and Eve and through them, from generation to generation—that is the will of God.

Why should we read Father's words?

Reading Father's words will enable us to:

- Feel God working in your life
- Feel connected to our faith
- Experience our value as God's child
- Understand our parent's dedication

Why should we study?

If we study we will:

- understand the heart-ache of God then we can help Him to ease His pain.
- understand why there is so much suffering in this world.
- we will be able to figure out solutions to many of the problems we see around us.
- Studying helps us to feel valuable, to respect ourselves and others.

How do you rate your relationship to God?

On a scale of
1 to 10?

Do you think it's
important to get
better at relating to God?

Try to find a way
that works for you!
